|				
Opens the App and wonders where to go first. Sees a big Sign Up button and begins to create a profile in order to save their data.	Signs up and trys to find the Resume section in order to see what his/her Resume is weak in.	Doesn't know where to find the Resume Section of the App and goes to the Support Forums.	Searches through the Support Forums and finds the direct link to the Resume Checker and allows him/her to sign in.	Downloads his/her resume and puts it on the app in order to have it checked.
The Resume Checker gives detailed feedback on how their Resume compared to others and how the user can improve it.	The user begins implementing the changes and fixes to his/her resume.	Their status checker prompts them to select a goal in order to have the bar to fill up with their progress and outline set goals.	Their goals are set out and the user begins checking it daily to see how close they are to finishing their goal	The User succeeds and achieves their goal wether it'd be a job or a internship.
